You will learn:

  - How to create detailed embossed cupcake topper discs ready to dress with your decorations.
  - How to create beautiful edible roses and buds.
  - How to create blossoms and small flowers
  - How to pipe a swirl of buttercream to secure your toppers on to the cupcakes
  - How to finish your cupcakes with sugar pearls to enhance your designs
- \*Please note designs may vary slightly from those shown as we explore our creativity.

You will take home a box of beautifully decorated cupcakes as well as my recipes, so that you may recreate the cupcakes at home. This class is suitable for beginners and improvers who wish to further their skills.
